

About Us

Barwa Advanced Trading is a leading supplier of all kind of filters, and spare parts. With extensive knowledge of industrial markets, Barwa has become a key player in industrial trading.

The company specializes in providing products and consultancy services across the GCC region. Barwa's expert engineers deliver customized solutions to technical challenges.

Over the years, Barwa has supplied major clients, including oil and gas firms, airports, malls, marine industries, and hospitals. Additionally, it is an approved vendor for leading energy companies like Saudi Electricity Company, SABIC, and Aramco.
